

## **A Message from the Principal**

Dear Parents & Pirates,

**Robert Morgan Educational Center (RMEC)** is a dynamic campus comprised of both a **High School** and a **Technical College** with the power to impact the lives of each and every Pirate that walks onto our campus. For this school year, we remain focused on RMEC being **“A Beacon of Excellence”**, with our light shining ever so brightly allowing ALL Pirates to navigate their way to a successful future. Ultimately, we aim to create pathways for our Pirates to move on to obtain a college degree and/or a successful career in the next phase of their life.

It is with continued energy, enthusiasm and excitement that I welcome you to the dynamic **Robert Morgan Educational Center High School (RMECHS) for the 2019-2020 school year**. With 5 Academies and 23 program offerings, we pride ourselves in being the Miami-Dade County Public Schools leader in college & career pathways! At RMECHS, we are **ONE family, ONE campus and TWO schools** and we celebrate our **Pirate Pride** daily as we remain anchored in our core values.

For this statement alone, I am excited to be here and to work with you for a common purpose as we chart a new course for our Pirates to follow. **YOU** have a direct impact on the future of this great nation through a quality education and for that I am always motivated and supportive of **YOU** in your collective efforts!

I want to wish you a bright 2019-2020 school year and together, we will shine brightly representing **“A Beacon of Excellence”**.

**Reginald J. Fox, Principal**

**Robert Morgan Educational Center High School & Technical College**
