Description

Achieve Miami is an education non-profit that offers a variety of enrichment and connection opportunities to set all students on a path to success. You can make a difference in your community by becoming a volunteer at Baptist Health. Our volunteers come from all backgrounds and ages. If you have an hour or so once a month, that's all it takes to make a small difference in the lives of those in the community who seek our support and services. BSI Volunteers are needed to:

Assist during community events (e.g. handing out food boxes)

Prepare care packages

Register candidates for session

Help with other areas...

Branches depend on the generosity of individuals, businesses, foundations and churches to provide financial resources and the donations of goods, services, and time by hundreds of individuals like you every year.

When you volunteer, you become a critical partner and ally in the health of the community. You also get the opportunity to practice and strengthen current skills, learn new ones, and build lasting relationships while making a difference. Breakthrough Miami offers an academic enrichment program that employs a student-teaching-students model to help students succeed. We EMPOWER the next generation of HEROES by implementing academic literacy, leadership training, and emotional literacy. Volunteers are an integral part of Joshua's Heart's efforts to stomp out hunger and poverty in the United States and are limited to those who are active participants of the program.

We have divided it into five separate sections to offer volunteers of all ages different opportunities to show their own way. Our aim is to empower the next generation through inclusivity and positivity. Volunteering is available to ALL girls, regardless of age. We rely on the dedication and compassion of individuals like you to help provide a home away from home for families in need. We welcome individuals and groups to serve alongside us in programming, in work projects, and at events. Zoo Miami and Zoo Miami Foundation offer many opportunities for you to volunteer your time.

iverse backgrounds and have different abilities, but they all share a common desire to serve others and help

o motivated, under-resourced 5th-12th graders access quality education, graduate on time, and attend college. We provide guidance to children and youth. So, that they may overcome challenges and be better equipped to positively impact the world. Our volunteers are both children and adults who work directly with the needy and in administrative

ardless of ethnicity, and can be done remotely or in-person. Community service hours vary based on activity

within the organization and permanent positions are available.
