

Miami-Dade County Public Schools 2021-2022 Mobile Devices Technology Recovery Costs

Students are expected to return the district-issued mobile devices and device peripherals in the same condition in which they were issued. While normal wear and tear will be taken into consideration, students who have mistreated the equipment will be responsible for repair or replacement costs and will be issued a financial obligation to cover the cost of repairing or replacing the equipment.

The Technology Recovery Costs chart below provides a list of the most common repair costs for the different mobile devices used in Miami-Dade County Public Schools as part of the Digital Convergence Initiative. It is not a comprehensive list, and any other damage not included in the list below will be assessed and assigned a fee according to the damage.

Prices listed below include both part(s) and labor. Prices are subject to change based upon availability and industry pricing adjustments. If combined repair costs of individual components exceed the “Device Replacement” cost, the student will be assessed only the “Device Replacement” cost.
