

# Postsecondary Planning Timeline for Students

## 10th Grade

### Third Quarter

#### Action Steps

- Review mid-year grades as this is your exact halfway point in high school. Reflect on your academic standing and set goals for the remainder of high school.
- Review your GradTrack Report, found in your student portal, and use the report to inform your decisions in choosing your courses for junior year and meeting your graduation requirements.
- Plan your 11th grade schedule with future academic goals and requirements in mind. Recognize that junior year courses round out the academic record you will be submitting as part of the application process during the fall of your senior year. This is an opportunity to demonstrate and reinforce rigorous coursework including dual enrollment and AP courses. Be sure to include courses based on rigor, interests and State University requirements (including the required two years of a foreign language).
- Prepare for any AP/IB/AICE exams you may have by attending school site tutoring, workshops and/or visit AP Central for access to AP videos and other resources.
- Stay committed to involvement in school and/or community projects.
- Complete the YouScience Career Profile to discover career options that will enhance and focus your postsecondary research.

### Fourth Quarter

#### Action Steps

- Apply for summer academic programs, enrichment programs, community projects and/or internships that interest you, build your resume and enhance your college and career skills.
- Continue to apply for scholarship opportunities.
- Meet with your counselor to evaluate your academic review for the year to make last minute adjustments to your schedule for 11th grade or discuss courses you might be able to take over the summer such as Dual Enrollment or FLVS courses for advancement.
- Update your Scoir "Following" college list based on your YouScience Career Profile results.
- Attend college visits, if possible.
